## ABOUT BILLY KATS

Billy Katsigiannis grew up like many of us catching tadpoles, fish, and the occasional squirrel. As he grew not only in life, but in his love for the outdoors, there was one constant; his father. George V. Katsigiannis shared his passion as a sportsman with his son and took Billy under his caring wing and taught him, mentored him, and instilled in him the ways of his father before him and passed down the tradition, knowledge, respect, and ethics that all outdoorsman should have. As we all know, life is fleeting, and, Billy tragically lost his father ten years ago. This loss has inspired Billy with a passion to continue his fathers legacy and further continue the tradition of hunting and the outdoors for future generations through the films he is now producing.
